EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Rittmaster (Reg. No. 32,933), the undersigned, on July 22, 2005.

The application has been amended as follows:

IN THE CLAIMS:

Cancel claims 5 and 10.

Amend claim 1 as follows:

1. (Currently amended) A method for provisioning users with resources, the method comprising the steps of:

establishing a set of attributes, organizational information, and user roles;

defining a plurality of resource provisioning policies based on selected attributes, organizational information, and user roles;

receiving attribute information, organizational information, and user role information for a particular user, resource, or database;

determining which resource provisioning policies are applicable to the user based on the received user role information, organizational information, and attribute information;

seeking additional information or authorizations from third parties in accordance with the applicable resource provisioning policies; and

provisioning the user with the resources specified by the applicable resource provisioning policies if all necessary additional information or authorizations have been received from the third parties, the provisioning of the resources being determined at least in part by the additional information or authorizations [(.)] ;

wherein the step of seeking additional information or authorizations from third parties comprising the steps of:

receiving first additional information or authorizations from third parties in accordance with the applicable resource provisioning policies; and

seeking second additional information or authorizations from other third parties or the user based on the received first additional information or authorizations and the received attribute information, organizational information, and user role information.

Amend claim 6 as follows:

6. (Currently Amended) A system for provisioning users with resources, the system comprising:

a data server for storing a set of attributes, organizational information, and user roles, a plurality of resource provisioning policies based on selected attributes, organizational information, and user roles, and attribute information and user role information for a particular user or resource; and

one or more processors coupled to the memory and an organizational network,
the processors programmed for

determining which resource provisioning policies are applicable to the
stored user role information, organizational information, and attribute information,

seeking additional information or authorizations from third parties in
accordance with the applicable resource provisioning policies, and

provisioning a user with the resources specified by the applicable resource
provisioning policies if all necessary additional information or authorizations have
been received from the third parties, the provisioning of the resources being
determined at least in part by the additional information or authorizations [.] ,

**receiving first additional information or authorizations from third
parties in accordance with the applicable resource provisioning policies,
and**

**seeking second additional information or authorizations from other
third parties or the user based on the received first additional information
or authorizations and the stored attribute information, organizational
information, and user role information.**

REASONS FOR ALLOWANCE

3. The following is an examiner's statements of reason for allowance:

Claims 1-4 and 6-9 are allowable over the prior art of record.

The examiner has found that the prior art of record does not appear to teach or suggest or render obvious the claimed limitations in combination with the specific added limitations as recited in independent claims and subsequent dependent claims. The prior art of record fails to teach or suggest a method and system for provisioning users with resources based on applicable provisioning policies wherein seeking additional information or authorizations from third parties in accordance with the applicable resource provisioning policies and provisioning of the resources being determined at least in part by the additional information or authorizations as argued by applicant [see Remarks of Amendment filed on Oct 07, 2004] and also fails to teach or suggest a method and system for provisioning users with resources based on applicable provisioning policies wherein receiving first additional information or authorizations from third parties in accordance with the applicable resource provisioning policies, and seeking second additional information or authorizations from other third parties or the user based on the received first additional information or authorizations and the stored attribute information, organizational information, and user role information as recited in the independent claims.
